

**THIS IS ONEIDA
SOMETHING FOR EVERYONE**

I often tell you about some of our programs, but thought it might be good if I listed some of our extensive program for you. We have a sizable array of co-curricular offerings. Notice I said “co-curricular” and not “extra-curricular.” Everything we do on this campus is part of our curriculum, thus co-curricular. Each activity and program is a tool we use to reach and teach our young people. Many of our students find their niche in something they never dreamed of being a part of before coming here. Below I have listed our co-curricular offerings that extend beyond our core classroom curriculum.

OBI President**

Pretty impressive for a little school, don't you think? We are small enough to maintain our family atmosphere, yet large enough to offer many opportunities for our young people. There is something for everyone on our campus. Did you realize our programs, including our athletic program, have a “no cut” policy? If a young person wants to be a part of something, he or she won't be excluded because of a lack of experience or ability. Maybe you know a kid who would want to be a part of our program. Tell him or her about Oneida. Better yet, bring them for a visit!
